

## PMO Local Interest Group (LIG)

Are you a professional who has an interest in Program/Project Management Offices? The Southern Nevada Chapter is seeking to determine if there is interest in setting up a PMO Local Interest Group (LIG). The PMOLIG would provide a forum for the sharing of ideas, knowledge and experiences in relation to the practice of PMO's. The PMOLIG members would also have access through the PMOSIG to services such as the PMOSIG's Website knowledge base and Webinar Series as well as its worldwide network of PMO Local Interest Groups (LIGs).

Establishing this PMOLIG will depend on the level of member interest. Therefore, if you have an interest in joining a PMOLIG, please e-mail one of the following:
